

BARING YOUR SOUL TO GOD

(Let us go into the very depths of our souls and visualize ourselves taking our bodies off like a coat, leaving our souls bare, and telling our Father,)

"Here I am, Lord, do with me whatever pleases You! Pour into my soul all the treasures that You contain and that You so very much want to give to any soul that desires it! I want to give You the joy of doing and acting in my soul without a breath of resistance, without a hint of the human will interfering! You agonize because there are so few who will allow you the freedom that you so wish to have in the soul, but I desire it with all my heart! Take my soul and consume it in the fire of Your Love, in the very depths of Your Divine Will!" Amen.
