These Writings Will Renew the Face of the Earth."

(Words of Our Lord to the Servant of God, Luisa Piccarreta)

A wonderful and unimaginable New Era is about to dawn upon the earth. It will be the crowning glory of man, the Gospel and the Church. The happiness of Eden is to be restored; the true purpose of Creation will be realized, and our Father in Heaven will receive his greatest glory from humanity. The 36 Volumes of the "Book of Heaven" given to the world through Luisa Piccarreta are the key to this grand and glorious change of affairs between Heaven and earth. Hidden for 58 years in the Vatican Archives, the words of these writings (on photocopies) are out once again; they are in the Diocese of Trani where Luisa lived, under the control of Archbishop Carmelo Cassati, President of the Tribunal for the Cause of Beatification of Luisa Piccarreta.

Thirty-four of the 36 Volumes of the "Book of Heaven" were taken from Luisa by certain Church authorities in a less than honorable manner on May 11, 1938. Volume 35 was somehow overlooked in the process, and Luisa was still writing Volume 36, which was completed on December 28, 1938, at which time her Confessor relieved her of the obedience to continue writing what Jesus had been disclosing to her about the Kingdom of the Divine Will. Prior to those 34 Volumes being taken to the Vatican, some of the nuns of the Daughters of Divine Zeal (co-founded by Blessed Annibale Di Francia) had made transcriptions of Volumes 1 through 19, which years later began to be translated into English and Spanish. Those Volumes had been given the Nihil Obstat by the Diocesan Censor Liborum, Bl. Annibale Di Francia, and the imprimatur was granted by Archbishop Joseph Leo. But for the past 58 years nothing has been known of the sublime secrets contained in Volumes 20 through 34, (which also had been given the imprimatur) with the exception of a few passages which had been extracted from them prior to 1938. In early 1994 the Church rectified the proceedings of 1938 after meetings at the very highest levels, and the Vatican directed Archbishop Cassati to start the process of Beatification of Luisa Piccarreta. Her Cause was officially opened on the Feast of Christ the King, 1994.

What Glorious Days at the Vatican !!

[January 30th - February 2nd 1996]

For 4 incredible days at Cardinal Ratzinger's Sacred Congregation for the Doctrine of the Faith, the team of 4 Priests and 2 laity, self-nicknamed the "Alpha-Omega team," worked furiously but ecstatically to make copies of the long-hidden Original Writings of Luisa Piccarreta. According to the rules of the Vatican archives, the originals are to be retained there; but, with the special and singular permission of the Sacred Congregation for the Doctrine of the Faith, Archbishop Carmelo Cassati, President of the Tribunal overseeing the Cause of Luisa's Beatification, was allowed to have photocopies of the original, handwritten pages of Luisa's personal notebooks in which she obediently wrote the most holy and divine words for the Third Fiat of God—the Reign of the Divine Will on earth as in Heaven, so much longed for by Our Lord Himself.

What a grace! and what a joy! The sense of privilege was beyond words. We all felt as though we were part of a divine drama, greater even than discovering the Lost Ark of the Covenant, or Moses coming down from the mountain with the tablets of the Ten Commandments—for the glorious writings of the "Book of Heaven" are destined to transform the Face of the Earth! They are destined to restore humanity to the Sacred Eden which our first parents, Adam and Eve, gambled away by withdrawing from the crowning glory of their humanity, the Divine Will, in order to do their own will.

The great project was not without its moments of difficulties. In order to get the job done by 7:00 pm on Friday, February 2nd, Feast of the Presentation, the copier brought up from Corato had to be repaired; then another copier had to be rented; then a third copier was deemed necessary to rent, only to break down. At that juncture, the command decision was made to actually buy a new machine! We were able to get an advance at a bank [no small task in Italy] and we bought a new machine which we later took to Corato to be used by the Association Luisa Piccarreta. The "Alpha-Omega team," headed by Fr. John Brown, finished their mission at 7:12 pm on Friday night, February 2nd. The archivist was gracious enough to allow us those extra 12 minutes.

Yes, we all kissed each of Luisa's handwritten Volumes. Jesus had made it known to Luisa how precious those writings are to Him. They are incomparable. They manifest the Mystery of God and the true purpose of

Luisa, the Little Daughter of the Divine Will.

On Saturday, February 3rd, we packed up our equipment and the writings of the precious words of Our Lord given through Luisa, then headed toward Corato in two cars. As we approached the border of Luisa's Province, known as La Puglia, God placed a most beautiful rainbow before us with such vivid and distinct colors that we were gladdened in our hearts. At long last, the precious words would return to the Diocese of their origin. And when Fr. Brown combined them all with copies of the handwritten Volumes 35 and 36 which, as we mentioned above, had not been hidden in the Vatican archives—for the first time ever, all the words of the "Book of Heaven" were together in one place; and Holy Mass was celebrated in the presence of these writings in thanksgiving to the Father, Son and Holy Spirit.

When Will the "New" Volumes be Available?

We don't know. They are now under the protection of Archbishop Cassati, who plans to have a special theological commission to review them, after they are transcribed, etc. It could take a long time; yet there is always the possibility of Divine intervention to hasten the release of these most holy writings. Be sure that Our Lord will be guiding Archbishop Cassati. It would be very inappropriate to trouble the Archbishop with inquiries. It would be good to spend our time digesting well what we already have available, and do what we can to make the Kingdom of the Divine Will better known, especially by applying and living what we learn. {Incidentally, we discovered that the label on the covers of some of Luisa's Volumes gave her address as "The House of the Divine Will." As you might guess, that gave us a special joy of happy surprise here at the House of the Divine Will in Jacksonville.}

A Little Peek

While at the Vatican and while in the Corato area for a few days, I was given the privilege of looking through some of the "new" Volumes and to share conversation at meals with the others who had had similar privileges. Additionally, one of the Priests on the Tribunal has sent me a few excerpts to write about in future articles. Here are a few topics skimmed quickly from their contents:

In the New Era ahead, Jesus will work the miracle of preserving humanity from all evil, both moral and physical. This means there will be no sin or sickness !! He speaks about the restoration of Eden.

The Kingdom of the Divine Will will be passed from Rome, that is by Luisa of Corato which is juridically attached to Rome, to all the world. Jesus speaks in a special way about Jerusalem.

Adam was clothed in the light of the Divine Will at his creation. He lost this seamless tunic of the Divine Will when he sinned; and the consequent nudity was the cause of the great shame he felt.

Jesus revealed to Luisa the beautiful first words of Adam as he became aware of his existence. We hope to share his words with you later, perhaps at some of the area conferences.]

Each soul in the Divine Will is a little Kingdom of the Divine Will—another little House of Nazareth where the Kingdom of the Divine Will had reigned during the time of the Redemption.

Jesus speaks magnificently about his great love for the Priests who work with the Church to make known these writings on the Kingdom of the Divine Will.

With that, Let's Now Consider A Current Matter of Justice

Before leaving Corato on February 10th and returning here to Jacksonville, Fr. Brown spoke to me about the economic situation which he, Fr. Michael, and Sr. Assunta have, in the hope that I would write something about this in this newsletter.

Fr. John Brown, who led the little team who went to the Vatican archives, is a member of the Tribunal for Luisa's Cause of Beatification. In addition to his parochial duties in the Diocese of Trani, he performs many duties for the Association Luisa Piccarreta whose president is Sr. Assunta Marigliano. Fr. John lives in the building where Luisa lived most of her life. Sr. Assunta lives in a little apartment nearby. Both buildings are ancient. Sr. Assunta's building dates to the early 16th century. Luisa's probably the same. Fr. Michael, who has

many parochial duties, does lots of work for the Association Luisa Piccarreta and lives not too far away from the others in a Diocesan House for Priests, but has to pay most of his salary for rent and heat.

These three persons are perhaps the primary reason we receive so many benefits here in America concerning the things pertaining to Luisa and the Divine Will. Yet they have been living a marginal life economically. They had to borrow $4000 dollars to go to the Costa Rica Conference. Sr. Assunta goes without heat in her little apartment. Luisa's building is being remodeled to provide better facilities. The trip to the Vatican for the Writings of Luisa required a large expenditure of funds: travel, food, hotel, renting and even purchasing copy machines; etc.

The "bottom line" of this situation is that it would be very appropriate and *perhaps a matter of justice* for those of us here in the United States and other places to help Fr. John, Fr. Michael, and Sr. Assunta by making a contribution to help them out of their current debt and gain a little economic dignity and stability. Contributions to help them will be tax-exempt if sent here to the Center for the Divine Will. Recently, we have begun to accep Visa, Master Card, and Discover credit cards for book orders. These can be used for donations also. It would be helpful to us when you make donations to let us know the purpose you intend them.

A Philosophy Worth Considering: Regarding donations, some have begun to ponder the reality of how much Our Lord wants the Kingdom of his Father's Will to be established on earth, and how this reality will bring an end to all the troubles which plague humanity: hunger, sickness, crime, sin—as was said above, Jesus will work the great miracle of preservation from all evil, both physical and moral. It seems that Donations to help establish the Reign of the Divine Will would be very well given.

- Questions and Answers -

Q. **Will there be the Holy Sacraments in the New Era of the Reign of the Divine Will?**

A. Yes. This will be the very best time of all for the Sacraments, especially the Holy Eucharist. Although we don't seem to realize it, the Church is full of sick children (due to the human will reigning) whom the Eucharist has nourished in a limited way. And this is because sick people have a poor appetite for food. Their palate does not savor the food offered; and their stomachs are not disposed to well digest the food brought to them. But, in the New Era when the Divine Will begins again to reign in souls as It did in Eden and in the Holy House of Nazareth, the Children of the Glorified Church will be healthy and vigorous. Their spiritual palates will hunger for and crave the Eucharist; and their spiritual stomachs will be able to well digest this Holy Eucharist gaining all Its benefits, which has not been possible in past times.
