

LETTERS OF GOLD

From the House of the Divine Will

Issue No. 76

July 2012

ANNOUNCING THE THIRD FIAT OF GOD Creation - then Redemption - now Sanctification

God is now calling souls back to the Original Order, Place and Purpose for which He created mankind—as it was in the Garden of Eden—in order to fulfill the Lord's Prayer to the Father, *"Thy Will be done on earth as in Heaven."*

A SPECIAL COMMENTARY

This 76th issue of "Letters of Gold" is different. The content will be almost entirely about news and perspectives rather than being almost entirely about the doctrine of living in the Divine Will. The lag between this issue and the previous issue has been longer than usual. This issue is only the second for 2012, but we intend to provide the usual four issues this year if Divine Providence allows, for the future is in the hands of the Eternal One. But, as you know, we haven't kept you entirely ignorant of what we have been doing. For example, we have tried to keep you up-to-date on the work of the Divine Will Studio.

The news in this issue of "Letters of Gold" will be largely from the perspective of the mission of the Luisa Piccarreta Center for the Divine Will, although there are many other entities working for the Reign of the Divine Will on earth. May the Father have what He has wanted from all Eternity. May He have the Kingdom of his own Will shared and lived in common with Him on earth by his human creatures, whom He loves so much.

To get started, here is a short list of news topics for this issue of "Letters of Gold":

Two Recent Trips to Corato:

I had the opportunity and pleasure of making two recent trips to Corato, Italy, where Luisa Piccarreta lived and died—one in April and one in June. I have been to Corato many times in past years, but this year I was able to go twice in a matter of several weeks.

The first opportunity came in April, while the Center for the Divine Will was conducting its annual operations in San Sebastian de Garabandal at the House of Sanctification, where private and group retreats on Living in the Divine Will are conducted. This year's schedule ran from mid-March to just past mid-April. While some of us were over there, others of us were at the House of the Divine Will in Tennessee, learning and working on the new Divine Will Studio.

During our time at the House of Sanctification, I had the opportunity to make an excursion over to Rome and onto Corato. While in Corato, I had some fruitful time at Association Luisa Piccarreta, with Fr. Sergio Pellegrini and with Archbishop Pichierri.

Fr. Pellegrini joyfully took me to visit the building in Corato that houses the Secretariat for the work relating to the Cause of Luisa in the Archdiocese of Trani. He was excited to let me know that the money to purchase that building had been provided from the funds that the Center for the Divine Will had sent to the Archdiocese of Trani many years ago. Those funds had come from the donations that Readers of "Letters of Gold" had made through our tax-exempt organization.

The Secretariat has largely become a depository for all the documented history of Luisa's Life and writings AND the numerous correspondence and works done to make Luisa and her writings known in the world. I was shown many things I had had no previous knowledge of, including items associated with Fr. Beda Ludwig of Germany, and sets of Volumes published in violation of the current moratorium concerning new publishing of Luisa's writings.

During my time with Archbishop Pichierri and Fr. Pellegrini (April 11-13), I was briefed on certain things pertaining to Luisa's Cause and the status of the writings. When back in the USA, I asked permission before writing about what I had been told, but was told not to do so until given the "OK."

My second visit to Corato was motivated by an invitation from Association Luisa Piccarreta to make a presentation on the Divine Will at their annual retreat in the latter part of June. The retreat was held near the city of Martina Franca about 2 hours drive south of Corato. It was a beautiful retreat with four speakers. My presentation was translated into Italian and projected on screen, and photocopies were also given to each attendee. All the talks were very good. While there, I had an experience in which I beheld the face of a nun who belonged to the order who owned the facilities for the retreat. That nun's face and expression seemed to be from Heaven, and I could not take my eyes away from that holiness whenever I happened to see her. I did have some very short, personal encounters with her, which I will keep in my heart for now; but I have a strong feeling that she and I and others will walk together with Jesus in Heaven when that time comes.

Again, on this second visit, I had some valuable time with Fr. Pelegrini both at the retreat and back in Corato. He shared with Archbishop Pichierri some of my suggestions.

Anniversaries in 2012 as they relate to our staff and our mission:

Kathy and I celebrate our 50th Wedding anniversary this summer. In anticipation of the actual date of our anniversary, we will be away during most of the latter half of July.

I will celebrate my 73rd birth anniversary while we are away.

The summer also marks the 40th anniversary of our being in the presence of some of Luisa Piccarreta's writings, while Kathy and I were in Italy. At that time I did not know their significance. That changed very quickly the following year. It was then, in 1973, that we began to share this incredible news with others. This aspect of our work with these divine writings all began after we had encouraged young Michael Adams to go to Italy on August 1, 1973, and follow his vocation to the Priesthood.

July 14 will be the 18th anniversary of Ann Ellison meeting Kathy and me. Shortly after that encounter, Ann joined our organization, and the fruits of her participation in the work of the Center for the Divine Will have been immeasurable. Incidentally, Ann's initial encounter with us was associated with unmistakable signs of the finger of God arranging the remarkable circumstances.

August will mark the 14th anniversary of Hugh Owen's valuable association with our Center and Jerry Lawson's 1st anniversary of relocating to our area to be the video producer.

The New Book by Thomas Fahy:

I have just finished the manuscript but don't know when it can be published.
The actual Cover has not been designed, although the Title will remain the same.

What Caused Thomas Fahy to Weep on Three Occasions in the Last 10 Months:

It was last September (2011) that one day I began to weep for several minutes with an anguished heart. I went quickly on my knees and begged God for Mercy on Humanity.

What caused this sudden weeping? It seems to have been the thoughts that kept coming to mind based on my years of investigation and study of God's failed attempts to move the hearts and wills of mankind to accept the tears of our sweet, Heavenly Mother and her pleas to her children on earth, begging them to turn away from the road to eternal Hell and return upon the road to Heaven, where people are always so happy. I had been earnestly considering what Our Lady had to tell us concerning the awful and terrible consequences, even here on earth, for all humanity due to blindly following the deceits of her Enemy.

It seems that I may have asked, what could move our Mother to display her sorrow so deeply in our times (for at least the past three to four decades) by expressing her tears, even tears of blood, from so many of her images all over the world?

What came to me with that experience was to do what I could to help save souls. It seemed that not only should we (who have been so favored with the knowledge of the Divine Will and Its reign in souls) promote the Divine Will but we should also do something to help Our Lady in her tearful quest to save souls from the vigor of Divine Justice—not only here on earth—but eternally in the Lake of Unquenchable Fire where the worm (of remorse) dieth not.

This experience of last September moved me to write a book that could help souls come to the awareness of the “clear and present” and imminent danger into which all humanity has entered.

I hoped that those who are reasonably aware of this great danger will learn helpful things for their own good and then be able to help others, especially their children, by means of the book I would write. I hope God is pleased and will let this book be widely read by many people, not only by those studying the spiritual doctrine of Luisa Piccarreta but by other Catholics, by Protestants of good will, and even by secular minded people who see the signs of the times but just don't realize that God is preparing the way for the establishment of his Kingdom on earth—whatever it takes!

My second weeping occurred in May (2012) after returning home from our Center's work in Spain. It was the same factors that affected me last September. It was another experience of deeply felt sorrow for humanity, so blind and closed to Grace. This second experience motivated me to hurry the completion of the book.

The third weeping was very brief and not so deeply felt as the others. It occurred spontaneously while saying the mealtime prayer before breakfast on Independence Day, July 4th (2012). As I began to pray, it struck me how so much different America has become since the times of my childhood and adolescence. Oh! how could Americans be so ungrateful to God for all He had given us only to have his goodness despised with so much ingratitude, indifference, disorder, immodesty, impurity, murder, unnatural vice, divorce, greed, hatred of neighbor, and evil government, which day after day does the

very opposite of what should be done to please God and gain his favor and blessing.

The now finished book, *“Suddenly and Unexpectedly”* . . ., speaks with clarity and certainty, without personal opinion (with one understandable exception). Repetition is purposely employed throughout so that the most important points will be well remembered by the readers. All that is necessary now is for Divine Providence to provide for the cover design and printing.

What Readers of “Letters of Gold” can do to help with our Divine Projects:

For the past many months, our staff has talked several times about the need to find ways to increase the amount of support required to carry on the work we do. I will mention some thoughts on this, as the times have reached the point where it seems necessary to make some adjustments proper to the present world conditions.

The main reason I have not brought up this matter of support for so long has been all the time spent on my book, now finished. The secondary reason is the additional time taken for travel related to our work. Actually, last fall it became clear to us that we were being called to make some innovations for the purpose of getting out the message of the Divine Will and Its Kingdom to our fellow human creatures. This insight also included the need to help Our Lady save the souls whose lives are not presently oriented to Heaven. The supreme seriousness of this situation is made very clear in the book, *“Suddenly and Unexpectedly”*...

So, we made some news about our plans to make videos. Soon afterwards, someone contacted us, willing to provide seed money to get us started with the necessary funds for setting up a studio for this purpose, and some other good persons gave support to get us going on this project. We soon found out that this requires a great deal of time, study and practice. Mr. Jerry Lawson and family moved up our way and undertook intensive study and constant practice to make the video productions that we have made so far. But much more has to be done and soon.

Ann Ellison has worked diligently to become proficient in operating our new website, comingofthekingdom.com and getting familiar with the new, sophisticated CD and DVD duplicator, just donated. Kathy continues her work, work, work answering the phone and doing the packing and shipping of the dwindling supply of our books, keeping the place clean and me well fed.

Concerning the Volumes of Luisa’s Writings, we are now down to Volumes 7, 8, 14, 15, and 18 and are running low on most of them. As you might guess, many people have been obtaining Luisa’s writings in ways contrary to the wishes of the Church. This negatively affects the support we have depended upon from book orders. Funds derived from the books has been the primary means to continue the work of the Center, and immediately following are the donations that we receive, many of which are sent to us on a regular basis, some for many years. Nevertheless, these combined sources of economic support are no longer allowing us to meet our monthly expenses, which have been greatly reduced by the move to our new location in Tennessee six years ago and other factors as well.

There are many good and excellent Catholic organizations which are doing wonderful work for the Church and human society. Most of you certainly know that the work of making the

Reign of the Divine Will known and lived as in Heaven is a very unique and divinely oriented Project. The Reign of the Divine Will in souls is the greatest project of God ever, and It will give more glory to God than any other work or combination of works combined. (This truth becomes clear in the “Book of Heaven.”) It is the very purpose for the creation of humanity. It is the crowning Glory of everything. Jesus has made known that the Divine Will is the Seed, the Beginning, the Means, the End and Coronation of Man, the Gospel, and the Church!!

I have been giving a great deal of thought on ways which others can help support this work that the Center for the Divine Will does as its part of God’s Great Divine Project. We have no doubt whatever that the Masses, prayers and sacrifices so many of you have been offering for our Center have been the primary in moving the Heart of God to keep us going. Some of you have the work that we do at the top of your lists of prayer intentions. Without that prayer support, the Center would never be able to continue. We know that the prayer support is accepted by God to move hearts to provide the economic support that is also needed, just as God does with the other operations within the mission of the Church.

One way to help with the economics is to consider the Center’s needs with the cost to publish the book, *“Suddenly and Unexpectedly”*. . . All income derived from that book will go to the Center. I contacted a book printing company that we have used in the past. The job estimate will run between \$3600 and \$4800 depending on the number of books printed.

This book covers an incredible number of things that everyone on earth should know now, *“before it is too late.”* Those words, *“before it is too late”* are the very words used by Blessed Pope John Paul II concerning the core subject of this book, which also includes numerous names and words of other well known holy persons of the Catholic Church, including Popes, Saints, Blesseds, and Servants of God. Here is what St. Padre Pio wrote at the end of a letter to Conchita of Garabandal: *“I give you only one counsel: Pray and make others pray, because the world is at the beginning of perdition. They do not believe in you or in your conversations with the Lady in White . . . They will believe when it will be too late.”*

(St. Padre Pio is known for his many mystical gifts: stigmata, bilocation, miracles, reading of consciences...)

The term, “Suddenly and Unexpectedly,” used in the book’s title is very appropriate, it seems, because there are three major manifestations of Divine Justice described in this book that will come suddenly and unexpectedly before the universal Reign of the Divine Will on earth. In the *“Book of Heaven,”* Our Lord tells us that during the universal Reign of the Divine Will, God will not exercise his Justice. All will be Mercy. But prior to the universal Reign of the Divine Will, He will exercise his Justice in a way that will maintain the eternal equilibrium of those two attributes: Divine Justice and Divine Mercy.

A normal and very practical way to help the Center of the Divine Will is committing to regular, dependable weekly, monthly, or quarterly tax-deductible contributions. We can provide pre-addressed envelopes if requested. One’s bank can provide a service for automatic disbursements. Be sure to use this address: P.O. Box 340 – Caryville, TN 37714. When writing checks you can save time by simply making the check to CDW, which stands for Center for the Divine Will. You can do the same when addressing you own envelopes. (Mother Angelica told people to send a contribution for her work when paying utility bills.) Some of the Divine Will prayer groups take up a collection at their meetings for our Center.

The latest I know about the Moratorium and the publishing of Luisa's Writings:

During my visit to Corato and Trani in April, I was told in private a number of things, but when I later asked permission to write about those things, I was told to wait for an "OK." Archbishop Pichierri and Fr. Sergio Pellegrini went to the Vatican in late May (2012). When I participated in the retreat in Martina Franca, and went back to Corato again, I had more conversations on this subject, but still, it is better to wait for those in authority to inform us or give me the "OK" to share what I was told. Nevertheless, I can say this much: The moratorium is still in effect. It includes not publishing Luisa's writings and letters on paper or by digital means, or through the Internet. Conferences, retreats, prayer groups and published commentaries on Luisa's writings are permitted. I was told that downloading Luisa's writings from the Internet is cooperating with disobedience to the moratorium. By being obedient we hasten the time of more freedom concerning the writings of Luisa. By disobedience, we delay everything, including the coming of the Reign of the Divine Will that we want so much.

My Commentary on the State of the World:

S I N, S I N, S I N

and

THE WAGES OF SIN IS DEATH.

The Tsunami of the Sin of the World is so obvious that it is not necessary to go into the subject in great depth here. Yet, there are some points that come to my soul to comment upon. The acceptance of all this sin and blindness to its effects is bound to the mystery of iniquity and to the divine punishment of the "operation of error to believe lying" (2Thes:2, 7-10).

I remember July 25, 1968. That was 44 years ago. I was attending Mass at Holy Cross Church in Rockville, Maryland, with Kathy and our not yet three-year-old daughter, Evelyn. As the Priest Celebrant approached the pulpit, I heard some commotion in the back of the church and soon saw a number of people carrying protest signs down the right aisle of the church, making a clamor. I was shocked. My shock increased when I saw one my former highschool classmates protesting. As the Priest began to read, I understood that it was the encyclical *Humanae Vitae* of Pope Paul VI against artificial birth control. The wisdom and foresight of Pope Paul was marvelous. All that he warned against and more has all come true with spades! Reading and serious meditation on the inherent effects contained in this sin reveals the connection between that sin and the numerous sins of many types that were bound to follow. The "pill" was invented in 1960. The following year, Our Lady of Mt. Carmel began her 2000 apparitions in San Sebastian de Garabandal, as She had promised at Fatima on October 13, 1917. What She made known at Garabandal is beyond serious.

Another reason for the present tsunami of sin of the world, which is even more vicious in its effects, is the insanity of, the brainwashing of, and the gullibility of believing the lie that God's most beloved creature, Man, is the natural result of evolutionary processes from lower forms of life. This has done more damage to humanity in the past 150 years than any other ideology, whatever. It is the "wicked mother" of false thinking, and the ready acceptance of most of the sins of our times, and is justly included in the divine punishment of the "operation of error to believe lying"—which is administered to a society which prefers fables to the Truth so lovingly revealed by Author of life to his beloved children.

In our day, God has sent Our Lady of Mt. Carmel to northern Spain to remind us explicitly that man is a special and direct creation of God. And we read in the “Book of Heaven” with great clarity and with great detail the holy marvel of this great and wonderful truth.

So, it is easy to see that the state of the world and the state of our own country are states of pending disaster, the worst of which will come suddenly and unexpectedly. The present upheavals in the economic arena, in the societal arena, in the spiritual and moral arenas will continue to worsen to the breaking point. There will be no turning back, in spite of appearances at times.

The Third Christian Millennium is also the Seventh Millennium of Human History. This is clear from the Bible and is expressed with absolute certainty in the “Book of Heaven.” Therefore, the fact that we are in the very early days of the Seventh Millennium is the sure sign that everything will be brought to a head, and very likely soon. Why? Because it is the express Will of God that this Seventh Millennium will be the Sabbath Millennium of rest. The “Book of Heaven” tells us that God will rest in souls and souls will rest in God. What does that mean? It means that God will finish his work in humanity. His work in humanity began with the fall of Adam. His work in humanity has always been to bring humanity back to the state of its origin—the perfect state of living the Life of the Divine Will as God lives It. This is a Divine Decree that cannot be stopped. Thus, the world must be purified by Divine Justice to make it a fit place for the Father’s Kingdom to have Its glorious reign.

The Sublime “Wants” of God are Innumerable. Here Are a Few of Them:

God is Love. He always loves and wants to be loved in return with his own Love.

God wants to double His love for the soul for each act of love the soul gives Him.

God wants the soul to possess the Life of the Divine Will—the Generator of Divine Love.

God wants to give Himself to make up for all that is lacking in the soul.

God wants the soul to want what He wants and do with Him what He does.

God wants the soul’s love to be one single love with His and to love Him as He loves her.

God wants the soul to love all souls as He does with his same Love.

God wants to raise the soul to the level of his likeness and to possess his qualities.

God wants his Will to feel Its dominion in the act of the soul.

God wants none of the soul’s acts to be unlike His own.

God wants the soul to live in his own state of activity.

God wants the acts of the soul fused with His, to resonate together with a single sound, single value, and single love.

God wants the Divine Will to grow within the soul and produce Its fulness.

God wants the soul to be aware of all His works and to share in all His works.

God wants the soul to be saturated with the Divine Will and feel Its Life, Its celestial joys, Its immense blessings.

God wants so much to talk about the truths of the Divine Will and relate them to whomever wants to listen. God wants souls to be attentive and listen.

Let us do all we can to make the Kingdom of the Divine Will Reign on Earth.
